## Speed

Actual speeds may vary depending on distance from the nearest network tower, coverage type, internal cabling, internal building material and source/type of content downloaded. Hubify Failover SIM is delivered using standard CoS (Class of Service) which means, under contention/congestion on the applicable network, this traffic is best efforts.

## Optional Equipment and Services

A selection of optional equipment and professional services are available, such as routers, switches, Failover Configuration and Router Management. Prices will depend on the options you select.

## Early Termination Charges

If you cancel the service before the end of your contract term, Early Termination Fees (ETF) will apply.

Date of termination or cancellation	Local
0 – 12 months after the Service Start Date	75% of Remaining Charges
12+ months after the Service Start Date	85% of Remaining Charges

“**Remaining Charges**” means the total charges that would have been payable after the effective date of termination or cancellation and for the remainder of the current Minimum Service Period (if the termination or cancellation had not occurred).

Cancellations can be submitted by going to <https://www.hubify.com.au/cancellations/> or sending an email to [cancellations@hubify.com.au](mailto:cancellations@hubify.com.au) with the subject line ‘Cancellation Request.’ In the email, please provide your account details, the service you wish to cancel, and the reason for cancellation.
